TYBAF Gender-wise Pass Students

3. TYBCOM SEM-VI Analysis

Total Students: 174

Male: 119 (68.4%)

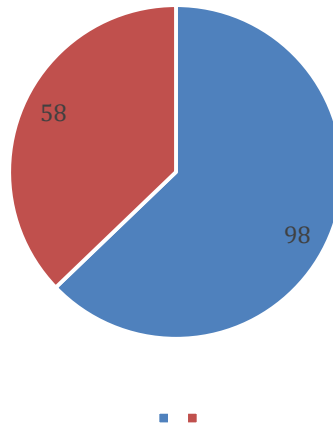

Female: 55 (31.6%)

Gender	Pass	ATKT	Pass %	ATKT %
Male	61	58	51.3%	48.7%
Female	37	18	67.3%	32.7%
Total	98	76	56.3%	43.7%

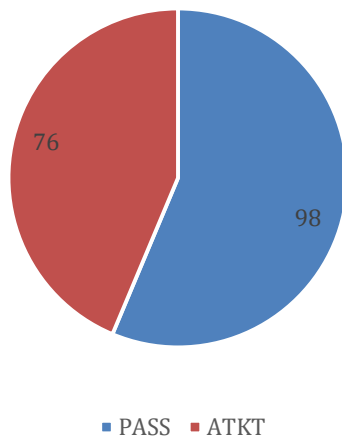

Observations

- Female students performed significantly better than male students, with a pass percentage of 67.3%, compared to 51.3% for males.
- Overall pass percentage is 56.3%, indicating moderate performance across the batch.
- Nearly 44% of students received an ATKT, which suggests room for academic improvement.
- Despite males comprising over two-thirds of the batch, their pass rate is noticeably lower than that of females.

Comparative Summary

Course	Pass %	ATKT %	Male Pass %	Female Pass %
TYBMS	56.2%	43.8%	55.0%	58.6%
TYBAF	67.5%	32.5%	57.6%	76.7%
TYBCOM	56.3%	43.7%	51.3%	67.3%

Key Insights

- TYBAF students performed the best overall, especially female students with a very high pass rate.
- In all three programs, female students outperformed male students.
- TYBCOM had the largest batch but relatively lower pass rate.
- TYBMS and TYBCOM had nearly the same overall performance.
