## Report on Industrial Visit

**COMPANY NAME: - SUNDARAM MULTI PAP LTD, PALGHAR.**

A detailed report on the industrial visit conducted by Yeshwantrao Chaphekar College of Arts & Commerce on 10<sup>th</sup> October, 2023, to Sundaram Multi Pap Ltd. This visit was organized for 25 students pursuing BMS (Bachelor of Management Studies) and BAF (Bachelor of Accounting and Finance) and was accompanied by two faculty members – Asst.Prof. Ramesh & Taher

### BOOK PROCESSING

**Introduction:** The purpose of the visit was to provide our students with practical exposure to the operations of a well-established and renowned company in the field of 450 SKU'S of book manufacturing.

**Itinerary:** The visit began at 09:35 AM with a warm welcome from one of the staff of Sundaram Multi Pap Ltd. The following activities were conducted during the visit:

- Presentation:** The students were given an informative presentation about the history and background of Sundaram Multi Pap Ltd. This included the company's mission, vision, and core values.
- Manufacturing Process:** We were given a tour of the manufacturing facilities, where students witnessed the various stages of book production, from printing to binding.
- Warehousing and Distribution:** The students had the opportunity to observe the company's warehousing and distribution operations. They learned about inventory management, packaging, and logistics.

#### REFRESHMENT FOR STUSTUDENTS

**d. Q & A Session:** A question-and-answer session was conducted, allowing our students to clarify their doubts and gain insights into the book industry.

**Learning Outcomes:** The industrial visit to Sundaram Multi Pap Ltd was a valuable experience for our students. They gained several key insights, including:

- a. Understanding the book production process from start to finish.
- b. Exposure to modern printing and binding technologies.
- c. Insights into inventory management and supply chain logistics.
- d. Real-world applications of the principles learned in their academic programs.
- e. An opportunity to interact with industry professionals and gain knowledge about industry trends.

**Feedback and Observations:** The students and accompanying faculty members were highly appreciative of the visit. They found it to be a great learning experience and were

impressed by the professionalism and expertise demonstrated by the Sundaram Multi Pap Ltd staff.

Dear Sir,

Greetings of the day!

With reference to the above mentioned subject, I would like to bring into your notice that as per the Mumbai University guidelines the Industry Orientation is a must for the professional courses.

It helps students to be ready for the future challenges they may face while working as an actual employee.

Keeping this in view, we intend to organize a one day "Industrial Visit" at your world class organization.

As you are aware, that "Yeshwantrao Chaphekar College, Palghar" offering Professional Courses like; B.M.S, B.Com and B.A.F

We believe that our students will be highly benefited by this "Industrial Visit"; we would appreciate if an interaction of students can also be arranged with the Senior Managers of your esteemed organization.

Considering above facts, we request you to please let us know the suitable time & date to organize this wonderful visit at your Kudus Plant as soon as possible.

Your continuous support has always inspired us. Thanking you and looking forward to a long-term relationship with your organization.

Thanking you and regards

## Report of Industrial Visit

COMPANY NAME: - FLIQA PRECISION INDUSTRIES, PALGHAR.

**Introduction:** On 19th June 2023, students of Yeswantrao Chaphekar College, Class- S.Y.BAF (Second Year Bachelor of Accounting and Finance) and T.Y.BAF (Third Year Bachelor of Accounting and Finance) embarked on an industrial visit to Fliqa Precision Industries. The visit aimed to provide students with practical exposure to industrial operations and enhance their understanding of the manufacturing processes in a real-world setting.

**Overview of Fliqa Precision Industries:** Fliqa Precision Industries is a renowned manufacturing company located in Bidco, Palghar. It specializes in the production of precision components and parts for various industries, including automotive, aerospace, electronics, and machinery. The company is known for its advanced manufacturing techniques and adherence to strict quality standards.

**Objectives of the Visit:** The objectives of the industrial visit to Fliqa Precision Industries were as follows:

**1. Gain Practical Insights:** To provide students with practical insights into the manufacturing processes and operations of a precision component manufacturing company.

**2. Industry Exposure:** To expose students to the working environment of a manufacturing industry and help them understand the real-world applications of the concepts learned in their academic studies.

**3. Quality Standards:** To familiarize students with the importance of maintaining quality standards in manufacturing and the various quality control measures implemented by Fliqa Precision Industries.

**4. Interaction with Professionals:** To facilitate interactions between students and industry professionals, allowing them to gain valuable insights and perspectives from experienced personnel.

**Activities during the Visit:** During the visit to Fliqa Precision Industries, the students engaged in the following activities:

**1. Factory Tour:** The students were given a guided tour of the manufacturing facility, allowing them to observe the various stages of the production process. They witnessed the machining, assembly, and quality control departments in operation.

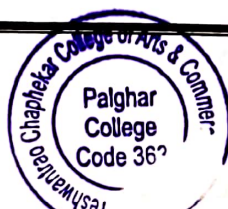

**2. Interaction with Employees:** Students had the opportunity to interact with employees from different departments, including production, quality control, and engineering. They could ask questions, seek clarifications, and gain insights into the industry practices and challenges.

**3. Demonstrations:** The Company arranged demonstrations of advanced machinery and equipment used for precision manufacturing. Students learned about computer numerical control (CNC) machines, automated assembly lines, and other technological advancements.

**4. Quality Control Procedures:** The students were introduced to the quality control procedures followed by Fliqa Precision Industries. They learned about the inspection techniques, testing methodologies, and the importance of maintaining product quality.

**5. Discussion and Q&A:** A session was conducted where students could engage in a discussion with industry professionals. This provided an opportunity for students to clarify doubts, discuss industry trends, and understand the career prospects in the manufacturing sector.

**Key Learning's:** The industrial visit to Fliqa Precision Industries yielded several key learning for the students:

- 1. Real-world Application:** Students gained a deeper understanding of how the concepts they learned in their academic studies are applied in an actual manufacturing setup.
- 2. Manufacturing Processes:** The visit provided insights into various manufacturing processes, including machining, assembly, and quality control, and the coordination required between different departments.
- 3. Quality Standards:** Students learned about the importance of quality control measures in ensuring the production of precise components and adhering to industry standards.
- 4. Career Prospects:** The visit highlighted the diverse career opportunities available in the manufacturing sector, including roles in production, quality control, engineering, and management.
